Good morning

Wayne Frisk  
360 Pit Way  
Easton, Wa

About Abate event the bands played until 2:40 am on the Saturday of the event. This usually happens every year. Excess speeding of motorcycles on East Sparks road.

About Cloneapalooza on the weekend of Sept 15th -17th my understanding is that they want it have bands playing until 1 am. This cannot happen. If the commissioners let this happen have it happen in there neighborhood. We live in the Upper County for one reason. Peace and quiet. The Kittitas County Fairgrounds would be a great place to hold these events.

Thank you Wayne
