RE: E911 Agenda Item

ACTION: Consider E911 Equipment Contract Amendment for State
FY2016/17 #E16-216A

BACKGROUND: By RCW, enhanced 911 services are a county obligation, which Kittitas County delegated to KITTCOM. Two sources are used to fund the mandate; a local \$.70 per month per access line tax and grants from the State Enhanced 911 Program Office for WAC eligible services and equipment not fully funded by local E911 tax revenue.

The E9-1-1 Equipment Contract now has an increased amount from the original contract. The increased amount provides for payment of the Records Management Computer Aided Dispatch (CAD) server upgrade in the amount of \$45,506.00. Previously, we were denied funding of our CAD server upgrade due to lack of funds and had resorted to purchasing it with maintenance funding from our E911 Operations Contract and local funding.

INTERACTION: Contract Amendment E16-216A for E911 capital equipment purchases is before the Board for consideration.

RECOMMENDATION: Authorize the Board Chairman to sign the Enhanced 911 contract with the Washington State Military Department.

HANDLING: Return two copies of the executed contract to the Military Department along with a signature page.

ATTACHMENTS: A contract and signature page from the Washington State Military Department.
